Connecting Industry

IICA 2022 TECHNOLOGY EXPO PACKAGE

The Institute of Instrumentation, Control and Automation (IICA) is pleased to provide you with the details of our 2022 Technology Expo Program.

The IICA has increased our profile in the market and we are seeing some fantastic results with record attendances and new exhibitors. Over 1600 visitors attended the 16 Technology Expos held in 2018, with even greater results in 2019. The Perth Expo in 2021 saw a record amount of attendees. We are looking forward to an exciting year in 2022.

We are a community, our network is important

The IICA has faced a variety of challenges over the past 77 years, and our recent growth has meant we were in a very strong position when COVID-19 changed the world we live in. Due to the dynamic situation with respect to COVID-19, we are monitoring the situation closely. We will be guided by the advice and requirements of State and Local Government Authorities. We will continue to update everyone in the lead up to all Expos to ensure everyone is aware of any changes or requirements that may concern them. Our main focus is the health and safety of all IICA staff, exhibitors and visitors, and as such we have made decisions based on this in 2020/2021.

With your continued support, **together we can make 2022 a great year for our industry.**

Many IICA Technology Expos sell out, we encourage you to choose one or more of the Technology Expos contained in this package. Submit your booking form early to ensure that your booking is secured and avoid disappointment. **Bookings will be processed in order of receipt.**

Early Bird Discount

Book and pay in full by **31 January 2022** to make significant savings.
